

Diego Andrés Montoya Díaz

Full Stack Developer

San Pedro Sula, Honduras | (+504) 9506-9323 | diego.montoya1701@outlook.com | github.com/DiegoMD4 | diegomontoya.netlify.app

PROFILE

Full Stack Developer with 2+ years of experience building scalable web applications with React, TypeScript and Next.js, integrating REST APIs, and developing serverless backends with Node.js and Firebase.

SKILLS

FRONTEND	React, Next.js, JavaScript, TypeScript, HTML, CSS
BACKEND & MOBILE	Node.js, Express, REST APIs, Firebase Cloud Functions, Flutter
DATABASES	MySQL, MongoDB, Firebase Firestore
TOOLS & TECH	Git, GitHub, GitHub Copilot, AI Productivity Tools (Claude Code)
LANGUAGES	Spanish (Native), English (B2)

EXPERIENCE

FRONTEND DEVELOPER

September 2024 – Present

OnCorp S de RL

Remote, Honduras

- Developed dynamic and modular web interfaces using React and TypeScript, ensuring strongly typed, scalable, and easy-to-maintain code.
- Integrated microservices through REST APIs to efficiently connect backend business logic with the client-side user interface.
- Actively participated in the technical analysis and design of requirements for enterprise-level systems, translating business needs into stable software solutions.
- Automated critical administrative and accounting workflows, streamlining payment registration and automated invoicing for over 6,000 registered members and clients.
- Collaborated closely with backend teams to define data contracts (payloads), ensuring robust data consistency and synchronization.

FREELANCE SOFTWARE DEVELOPER

August 2025 – May 2026

Independent Contractor

Remote, Honduras

- Built serverless backend workflows using Firebase Cloud Functions (Node.js/TypeScript) to handle background data processing, user authorization, and third-party event triggers.
- Designed and structured NoSQL real-time database schemas in Firebase Firestore, ensuring fast query performance and seamless data synchronization.
- Delivered a mobile application using Flutter, managing end-to-end integration with cloud services and backend endpoints for local clients.

IT SUPPORT ASSISTANT (PROFESSIONAL INTERNSHIP)

October 2022 – May 2023

Azucarera Chumbagua

Honduras

- Designed and implemented an internal Help Desk system to streamline ticket workflows and request tracking, improving IT response times for 100+ users.
- Provided technical support and managed user access privileges in Active Directory, reinforcing security policies across company systems.

EDUCATION

CENTRO UNIVERSITARIO TECNOLÓGICO (CEUTEC)

Bachelor of Science in Computer Science Engineering

Graduated 2023

San Pedro Sula, Honduras
