PROFESSIONAL EXPERIENCE

OnCorp S de RL | Frontend Developer

September 2024 - Present

Honduras, remote

- Developed dynamic and modular web interfaces using **React and TypeScript**, ensuring strongly typed, scalable, and easy-to-maintain code.
- Integrated microservices through **REST APIs** to efficiently connect backend business logic with the client-side user interface.
- Actively participated in the technical analysis and design of requirements for enterprise-level systems, translating business needs into stable software solutions.
- Implemented key features that streamlined and automated essential administrative and accounting processes within the company.
- Collaborated closely with backend teams to define data contracts (payloads), ensuring robust data consistency and synchronization.

Azucarera Chumbagua | IT Support Assistant (Professional Internship)

October 2022 - May 2023

Honduras

- Provided technical support to end-users, diagnosing and resolving hardware, software, and connectivity issues in a timely manner.
- Evaluated and performed performance testing on network nodes, ensuring internal communication infrastructure stability and uptime.
- Classified and documented user access privileges within **Active Directory (AD)**, reinforcing security policies and profile controls across company systems.
- Designed and implemented a **Help Desk** system, optimizing ticket workflows, request tracking, and IT department response times.

EDUCATION

Centro Universitario Tecnológico (CEUTEC)

Graduated 2023

San Pedro Sula, Honduras

Bachelor in Computer Science Engineering
